SPECIAL COMMITTEE
ON AGING

Dear Friends:

I am deeply honored to serve the people of Maine in the U.S. Senate, and I welcome this opportunity to share some of the areas I have been working on over the past year.

The ongoing COVID-19 pandemic continues to pose enormous challenges for our state and our country. When the pandemic began, I co-authored the Paycheck Protection Program that helped small businesses remain afloat and keep their employees paid. In Maine, our small businesses received more than 47,000 forgivable loans totaling \$3.2 billion. I also led efforts to provide relief for loggers, lobstermen, and bus companies.

In addition, I helped secure \$700 million to assist Maine's overwhelmed hospitals and nursing homes, and a new law I led prevented Medicare payment cuts to help further ease the financial strain on our hospitals. I also urged the CDC to update its recommendations so that our students and teachers could safely return to their classrooms, and I pressed the Administration to end the closure of the U.S.-Canada border.

While addressing the pandemic has been a major focus, I've also worked hard to ensure Maine's other needs are met. A group of 10 Senators, of which I was a part, negotiated the landmark bipartisan infrastructure bill that was signed into law in November. I co-authored the section of the bill that will provide Maine with as much as \$300 million to expand high-speed internet in rural and underserved areas.

Soaring inflation is another crisis, particularly when it comes to the cost of heating oil. I have strongly supported federal programs that help Maine families stay warm. In November, Maine was awarded \$35 million to help low-income Mainers pay their energy bills. And the bipartisan infrastructure bill included \$3.5 billion to help families make energy efficiency improvements that would permanently lower their heating costs.

As a senior member of the Appropriations Committee, I have supported investments in Maine's communities. This year's funding bills include \$265 million I championed for 106 projects across Maine. These projects would help create jobs, improve workforce training, address the opioid crisis, and increase access to childcare and health care services. In addition, I worked to reverse proposed cuts to our Navy in order to help protect America and keep the skilled workers at Bath Iron Works on the job. The bills also include \$475 million for the construction of a new dry dock at Maine's Portsmouth Naval Shipyard that will allow the Navy to continue to carry out its submarine missions. I will keep working to get these important bills enacted.

No one works harder than the people of Maine, and this year I honored that work ethic when I cast my 8,000th consecutive vote, becoming the only Senator in history to do so without ever having missed a roll call vote. The Lugar Center at Georgetown University once again ranked me as the most bipartisan Senator for the eighth year in a row.

In the New Year, I will keep working to solve problems and make life better for the people of Maine and America. May 2022 be a happy, healthy, and successful one for you, your family, and our state.

Sincerely,

A handwritten signature in blue ink that reads "Susan M. Collins".

Susan M. Collins
United States Senator
