September 2024

Trash Collection

The Town of Levant has recently renewed its contract for trash collection services with Pine Tree Waste (Casella). This new contract will alter the current method of trash collection as moving forward all trash must be placed in special totes provided to the residents (at no charge) by the company. All items will be placed in this new tote including recycling. The collections for the Town of Levant will take two days and will occur on Mondays and Tuesdays. Working with the Town, each household will soon receive a mailing from Pine Tree Waste that will notify each household the day of collection for that household and additional information that will be necessary for this new collection method. The anticipated implementation date has been tentatively set for October 21st.

Fall Clean Up

This is scheduled for October 5th at the Town Sand Shed and will require a free permit which may be obtained at the Town Office up through close of business October 4th. The permit will provide information as to which items will be accepted and which items will not.

November Elections

The presidential election always provides for one of the busiest days of the year at the Town Office. While individuals are certainly able to register to vote the day of the election, it would be greatly appreciated for all of those unregistered voters who intend on voting on November 5th to come in to the Town Office prior to that day during normal business hours to register.

Absentee ballots are now available and may be applied for online (via [Maine.gov](https://www.maine.gov)) or may be applied for in person at the Town Office during normal business hours. The last day absentee ballots may be requested is October 31st.
